In the Matter of:

THE DIVESTITURE OF )  
SOUTH CENTRAL BELL )  
TELEPHONE COMPANY ) CASE NO. 8731  
FROM AMERICAN TELE- )  
PHONE AND TELEGRAPH )  
COMPANY ("AT&T") )

O R D E R

IT IS ORDERED that South Central Bell Telephone Company ("South Central") shall file an original and 12 copies of the following information by January 28, 1983. Each copy of the data requested should be placed in a bound volume with each item tabbed. When a number of sheets are required for an item, each sheet should be appropriately indexed, for example, Item 1(a), Sheet 2 Of 6. Include with each response the name of the person who will be responsible for responding to questions relating to the information provided. Careful attention should be given to copied material to insure that it is legible.

1. In its response to the Commission's first Order for information in this case, Item No. 4, filed December 10, 1982, South Central made the following statement:

"The only major change in the Kentucky proposal between February 8 and March 5 was to move the Frankfort toll center from the Winchester LATA to the Louisville LATA. The Company made this change because subsequent information about calling

patterns indicated that Frankfort had a greater telephone community of interest with Louisville than with Winchester."

Provide the calling pattern information referred to in this response and a top-sheet summary of these calling patterns.

2. In its response to the Commission's first Order for information in this case Item No. 9, filed December 10, 1982, South Central, did not provide the population density figures for each of the proposed LATAs in the form requested but stated that it could be calculated. Provide this information as requested.

3. Regarding South Central's response to information Item No. 14, filed December 10, 1982, provide all current and preliminary estimates of these revenue and cost changes and specify the assumptions used in this analysis. As further study and thus changes in assumptions unfold, South Central shall provide this information on a continuing and timely basis.

4. Regarding South Central's response to information Item 16, filed December 10, 1982:

a. File all estimated network changes planned within the next 5 years in Kentucky, not only those changes resulting from the planned LATA configurations.

b. As new changes in the network are identified, South Central shall provide this information on a continuing and timely basis.

5. Under the proposed divestiture and Consent Decree AT&T may rent or lease facilities or services from the BOC's. Provide all estimated rentals or leases of South Central Bell's Kentucky

facilities or services by AT&T. Specify the category of use, the expected annual net cost savings and revenue to the Kentucky operations and the expected or anticipated duration of the joint use. As new information becomes available, South Central shall provide this information on a continuing and timely basis.

6. Provide the preliminary estimate of total gross and net assets to be retained by South Central in Kentucky based on December 31, 1981, figures under the proposed detailed work plan for asset assignment which AT&T provided South Central. Update this information for December 31, 1982, as this information becomes available.

7. Regarding Item Nos. 17(a) and 17(b) of the Commission's first Order for information in this case, for each of South Central's three proposed LATAs, provide toll traffic summaries for traffic originating and terminating in each of the LATAs to and from toll centers in Kentucky.

Done at Frankfort, Kentucky, this 11th day of January, 1983.
